

# SQUARE

Bortolini

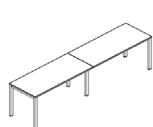

A linha Square possui formas essenciais e contemporânea, para compor estações de trabalho acessíveis e extensíveis, para montar áreas operacionais eficientes, permitindo resolver necessidades do uso pretendido, criando espaços adequados a cada trabalho.

*DIFERENCIAIS:*

- Tampo produzido em MDP 25mm com revestimento em laminado melamínico BP, aplicação de bordas em PVC 1,0mm nos topos;
- Pés e estruturação produzidos em aço carbono 30x50 com pintura epóxi;
- Conectividade através de caixa em ABS, calhas, suporte e régua para tomadas em aço;
- Painéis divisores produzidos em MDP 15mm com revestimento em laminado melamínico BP, aplicação de bordas em PVC 1,0mm nos topos. Já os painéis frontais são com aplicação de bordas em PVC 0,45mm nos topos.
